Helmet Fit

To properly fit your helmet:

Place the helmet squarely on top of your head.

It should fit snugly; add or remove the padding to get a snug fit.

Always do up the chin strap and follow the three simple tests below every time you ride.

Colour each helmet using your favourite colours.

**2 fingers above your
eyebrow**

**V shape or a peace sign
around your ear**

**1 finger between
the strap and your
chin**

Design your own helmet.

A large, empty rectangular box with a thin black border, intended for a student to draw and design their own helmet.

Safety Signs

Before you ride your bike on the street, learn what the traffic signs mean.

Match the signs to their meanings and colour them the right colour.

Stop

One Way

Yield
