

Bicycle Safety Week

May 12-18, 2019

The Saskatchewan Prevention Institute invites you to help build safe bikers! Bicycle Safety Week is an opportunity to focus on the importance of safe cycling through education and events.

In Saskatchewan, cycling-related injuries result in an average of 54 hospitalizations of Saskatchewan children and youth under the age of 20 every year. Children between the ages of 5 and 14 are particularly at risk for cycling-related hospitalizations.¹

The Saskatchewan Prevention Institute is providing free resources for you to use in educating children and youth about bicycle safety.

The following resources are available for order:

- 2V1 Bookmark
- 2V1 Poster
- Bicycle Safety for Children and Parents Booklet
- Gotta Brain Getta Helmet Booklet
- Pencil
- Tattoo

To order, complete the form below and email it to resources@skprevention.ca or fax it to 306-651-4301.

The resources will be mailed free of charge. Orders will be filled on a first-come, first-served basis while supplies last. **Order deadline is May 31, 2019.**

Additional resources are available for download at www.saskbikesafety.ca.

If you have any questions about bicycle safety education and events, email Cara Zukewich, Child Injury Prevention Program Coordinator, at czukewich@skprevention.ca or call 306-651-4316.
