

Ready to Ride

Bike Safety Activity - Arm Signals

Arm signals show others where you are going and when you are going to stop. Use arm signals when you are getting close to a corner or intersection. Use your left arm to signal, and hold onto the handlebar with your right hand.

Activity

1. Colour and cut out the cyclists at the bottom of the page.
2. Glue the cyclists to match the arm signal to the action.

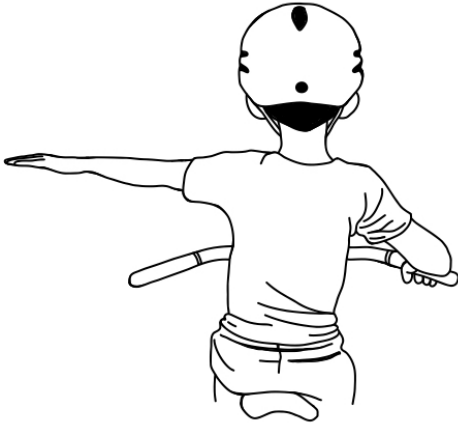

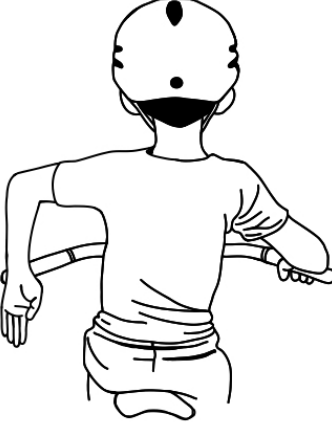

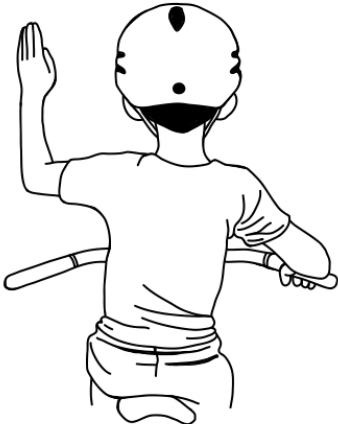

Left Turn	Stop	Right Turn
